Mr. and Mrs. Adau Brown, formerly of Washington, D. C. celebrated the 50th anniversary of their wedding on Saturday, March 12. Mr. and Mrs. Brown have been spending the winter at the home of their son Dr. C. P. Brown. Mr. Brown retired last September after seventeen years' service in the navy yard, Washington, D. C., where he was employed as an expert machinist.

One night last week Mrs. Stokes, of Forest avenue, was aroused by the opening of the doors of the garage, which is situated near the house. Going to the window she could just discern that her suspicions were rightly founded and that the parties were trying to start the motor of the automobile. Mrs. Stokes comes from Montana, knows how to handle a weapon, and she waited for some minutes, with revolver in hand, hoping to secure a shot at the culprits when they backed out the machine. However, they seemed unfamiliar with the mechanism an could not get it started. Then something seemed to frighten them and they rushed out, jumped over a side fence and disappeared. Mrs. Stokes says she would have shot to kill. It is believed the culprits wereb oys or young men from the vicinity .

Harlan E. Glazier, of Arlington, near Poughkeepsie, New York, has been in Ambler for a few days preparing to remove, about April 1, to the Edward Trotter Price farm, Broad Axe, which he has rented. It is Mr. Glazier's present plans to make the 165 acres a model property devoted to the breeding of pure bred Guernsey cattle, and he expects to bring here 60 pure bred cattle from his Arlington farm, headed by the herd bull, "Langwater Marmion," whose sire, "Langwater Steadfast," sold for $25,000 on Sept. 21, 1920. "Marmion's" dam, "Langwater Lilly" is also dam of "Langwated Warrior," the chief herd sire of Langwater farms." 11 of Langwater Warrior's" daughters averaged $6438 each at the Langwater sale last September. Mr. Glazier has one of the Warrior daughters in his herd.

The fire laddies did themselves proud last Wednesday and Thursday evenings at their annual minstrel show in the Ambler opera house for the benefit of the Wissahickon Fire company. This annual event of the young men is anticipated with much pleasure by the residents of Ambler and vicinity, which is amply proven by the manner in which the tickets were so rapidly sold that two nights were neccessary to accommode those desiring to attend. The one topic of conversation after the show was, "Great, and we enjoyed a good hearty laugh every minute of the two or more hours that it required to render the program" The boys deserve all the commendations expressed as to their ability as entertainers, and it is to be hoped that the minstrel will be given next year with the announcement that it will be bigger and better than ever. There were the usual good songs and jokes. Many of which were gotten off at the expense of local business and professional men and guardians of the peace. However,, all were taken in the spirit of fun. The show opened with a beautiful stage setting, which was arranged to represent a scene in the Hawaiian Islands. Those taking part were seated upon logs of wood while others lounged on straw that was spread on the stage. The opening chorus was beautifully sung by the entire company. Other very creditable vocal selections were rendered by: William Soyer, John Silvis, John Fluck, Howard Martin, George Neeman, Stewart Davis, Harry Niblock, George Davis, Edward Kelly, Harold Lewis, William Niblock. There was also an excellent trombone solo rendered by Carl Randall. The interlocutors were George Neeman and Stewart Davis, and those taking parts end men were Harry Niblock, Howard Martin, William Niblock and George Davis, and they were the principals at fun making. An enjoyable fun-feature was a sketch by George Davis and William Niblock. William Niblock. William Rex, also made a hit with his operatte, "Bubbles From Lux" with costumes by C. M. Heiss. The show came to a conclusion by a grand finale by the entire company. Splendid music was furnished by Wicky's orchectra, and the boys taking part in the show greatly appreciated the assistance of of Professor Wicky and Miss Ethel Dager in furnishing the music during reheasals.

Manufacturers Favor Open Shop

The Executive Committee of the Manufacturers Association of Montgomery County in meeting assembled heartily endorse the American principle, or Open Shop in industry.

That no person should be refused employment or in any way discriminated against on account of membership or non-membership in any labor organization and there should be no discriminating against or interference with any employee who is not a member of a labor organization by members of such organizations.

Employers must be free to employ people to do their work at wages mutually satisfactory without interference or dictation on the part of individuals or organizations not directly parties to such contracts. To the interest of both employees and employers nothing should be allowed to interfere with the opportunities of any person to learn any trade to which he or she may be adapted. A fair day's pay for a fair day's work and a fair day's work for a fair day's pay.

We therefore believe that the manufacturers and merchants of this community should lend their assistance to accomplish by every fair means this very desirable result.

Memorial Chapel Scene of Wedding.

Washington Memorial chapel Valley Forge, was the scene of an interesting wedding, quietly solemnized on the morning of March 2, when Miss Edith M. Kulp, daughter of Mr. and Mrs. E. G. Kulp, of Fairview, until recently Norristown residents, was married to Francis V. Miller, son of Mr. and Mrs. C. B. Miller, of George street.

Rev. W. Herbert Burk ,rector of the chapel, officiated at he ceremony at 3.30. The bride and bridegroom were unatteded and only the immediate families witnessed the ceremony.

The becoming suit worn by the bride was of French blue home spun, with an opposum collar. She wore a dark blue straw hat adorned with French flowers. Her corsage bouquet was of sunburst roses.

Mr. and Mrs. Miller immediately following the ceremony, left on a wedding trip to New York and other points. They will live at Fairview.

Blue Blood Percheron, for National Farm School.

One of the interesting sights at the graduation exercises of the National Farm school recently was the parading around of "Nevin," with Howard F. Young generalissimo, "Nervin," is a stud horse that would cause even the horse novice to admire him. A powerfully built animal weighing over a ton, compact, with even set legs of large fine-grained bones and a remarkable true and active gait. He has been pronounced free from any refects and blemishes.

The National Farm School carries an insurance of $3500 on the animal. "Nervin" is an immigrant. He is of royal French blood. He was bred by Monseignor Demange at the Department of Orne, France, where he was born on May 10, 1913. He was registered as true blue in the Societo Hippique Percheronne of France. In March 1917 the Holbert Horse Importing Company, in search for stallions to improve the American draft breed, came across "Nervin." They liked him and imported him to America. He was immediately registered in the Percheron Society of America, was taken in a private car to Greely, Iowa, he won fame as a winner of prizes at fairs. His colts attracted attention and he was transferred to LaFayette, Indiana. It was here where Col. L. D. Morrel, a lover of horses and intensely interested in the improvement of agricultural conditions in Pennsylvania first saw "Nervin" and decided that he would be an asset to Pennsylvania farmers is used to improve the native stock.

Col. Morrel's experiment of breeding "Nervin" and common mares proved a complete success. Nervin" has the prepotency to give his constitution, conformation and bone to his offspring as is seen by his colts at the National Farm School. It was through the widow of Col. Morrel that "Nervin" was placed at the National Farm School with the injunction that every facility be given to farmers to improve their native breed of horses.

It is to carry out the community spirit of Col. Morrel, that the Farm School accepted the horse. "Nervin" is proving a great attraction to horse lovers. From far and wide men and even women have come to visit and admire him. He is on view every day at Farm No. 3 of the school.

—Henry Bossert, of Skippack, sold his personal property at public sale. Corn fodder brought $4 to $7 per hundred sheaves; chickens, 38c. to 41c. a pound; a carriage, $42; and potatoes $1 to $1.05.

Why is "Enterprise" Scratch Feed Superior.

Because: It contains grains that your poultry can eat and digest.
Because: It contains sound old Ohio corn, cracked by us, with nothing taken out. No hard Argentine corn is used or no fancy brushed cracked corn with the good nourishing qualities removed for other products.
Because: It contains selected, local wheat that is well dried and yet not too hard to hinder digestion.
Because: It contains Pennsylvania buckwheat from an excellent crop.
Because: It contains natural white oats sound grain barley and large striped sunflower seed.
Because. It is scientifically proportioned, not just cracked corn with a scattering of other grain to give color. It is mixed with correct proportion to assure the highest food value to your poultry.

Our Prices on "Enterprise" Mash and Scratch Feeds are Right.

Why Colds are Dangerous.

It is the serious disease that colds lead to that make them dangerous. They prepare the system for the reception and development of the germs of influenza, pneumonia, tuberculosis dyptheia, scarlet fever, whooping cough and measles. You are much more likely to contract these disease when you have a cold. For that reason you should get rid of every cold as quickly as possible. Chamberlain's Cough Remedy will help you. It is widely known as a cure for bad colds. mar

She States It Mildly.

While suffering with a severe attack of the grip and threatened with pneumonia, Mrs. Annie H. Cooley, of Middlefield, Conn., began using Chamberlain's Cough Remedy and was much benefited by its use. The pains in the chest soon disappeared, the cough became loose, expectoration easy and in a short time she was as well as ever. Mrs. Cooley says she cannot speak too highly in praise of this remedy. mar

School Board Wants Curfew Law.

The Conshohocken school board placed itself on record as urging Conshohocken town council to establish a curfew law. A resolution was adopted and will be laid before council at the meeting next week. The Continuation School recently inspected by State and National officials was praised, it is regarded as the best for the size of the town in the State. Professor John Myron Jolles, was selected as music teacher in the schools, and Mrs. Anna Parker as teacher of drawing.

An Ideal Remedy For Constipation.

It would be hard to find a better remedy for constipation than Chamberlain's Tablets, for the best effect they should be taken immediately after supper. They are easy to take and mild and gentle in effect. mar

Thieves Busy at Conshohocken.

Thieves continue almost their nightly visits to Conshohocken stores. One latest place of busines to be robbed is that of Francis Desimone, his cigar store at Fayette and First avenue was broken into at an early hour in the morning and a quantity of cigarettes, cigars and tobacco were stolen. As yet there are no clues to the many robberies committed during the past month.

FORT WASHINGTON NEWS.

tems of Passing Interest Condensed in Short Paragraphs.

Is Fort Washington In or Out of Montgomery County League?—Eastern Star Members and Friends Entertained—Edward Miller Laid at Rest—Miscellaneous.

Samuel Nemorofsky has added a rear addition to the Clifton house property.

On Monday afternoon from his late residence, 1727 North Franklin street, Philadelphia, services were held over the remains of the late Edward Miller, well known here, who with his family, has been a summer resident for many years. He has been engaged in the hat business for a long time. His age was 54 years, and he leaves a wife and one son, Thomas.

Wissahickon chapter, No. 308, Order of the Eastern Star of Ambler, on Thursday evening enjoyed a banquet at the local lodge hall, the caterer being Mrs. Harry Oberholtzer, and later the guests were entertained in Wissahickon hall at a dance. Smith's orchestra rendered music, and the event, which was well attended, was a most enpoyable one.

On Palm Sunday, March 20th, the choir of Trinity Lutheran church, Fort Washington, will render a special Easter cantata entitled, "The Day of Resurrection," assisted by soloists of talent.

Harvey Sabold, who moved recently to the Taylor property, which he purchased some time ago, has had electric lights installed. Mr. Sabold is also contemplating extensive improvements to his property in the near future.

There is a movement on foot here to secure either a motorcycle or a Ford touring car for the local police. It is claimed by those back of the movement that either of the machines will add greatly to the efficiency of the force.

Repairs are being made to Trinity Lutheran church.

Saturday was pay day at Hoopeston mills. Some departments are working only three and four days a week.

Mr. and Mrs. Warren Frankenfield, of Ambler, have taken up their residence in the property formerly tenanted by Harvey Sabold and family.

Miss Hannah Yarnall, who has been quite ill for some time, is now able to be about again. Miss Yarnall's mother, Mrs. Robert Yarnall, Sr., is now ill and confined to her room.

No official confirmation as far as can be learned at this time, has been received regarding the transfer of the Fort Washington baseball club's franchise to the Conshohocken club. However,, it is believed, that there will be no objections raised by the other five clubs in the Montgomery County league. Ther is considerable regret expressed in league circles over the local club dropping out. Fort Washington is one of the pioneer teams of the league and it is conceded that the officials of the home team had much to do with keeping the league together during the early days of the organization, which were considered quite stormy ones, and there were times when it looked for awhile that the league would disband, but the work of the local officials piloted the league's ship to a safe harbor, and as a result it is now claimed to be one of the strongest ever organized among independent clubs. Much credit is given for this state of affairs to Fort Washington, hence the reason for the regret expressed over the local club leaving the league.

Workmen have been along the turnpike, as the advance guard of the spring campaign, cleaning out gutters, opening water courses and doing other preliminary work before the remainder of the contract work is started for the spring and summer.

On Sunday, March 20, Palm Sunday, the choir of St. Thomas', Whitemarsh, will sing Maunder's Cantata, "Olivet to Calvary," at 4 o'clock. A cordial invitation is extended to the public.

Special services of the Christian Endeavor of Trinity Lutheran church this Friday. Dr. Sigmund, of Germantown, who was a former pastor there, is expected to address the meeting. All invited.

Definite plans are now completed for the dance to be given on March 28 for the benefit of the local baseball team. Over three hundred tickets have been issued, and the success of the dance will depend principally on the response of the townspoeple in purchasing these tickets. As the organization of the ball team has been changed to meet the demands of the community, it is hoped that the townspeople in turn will show their approval and cooperation, not only by purchasing tickets, but by giving the team their moral support by their presence. Music will be furnished by one of the best and most popular orchestras. Lemonade will be served and favors and congfetti will be in order to increase the merriment. Tickets are on sale at Craig's Drug Store."
